Subject: Gasco: Groundwater Quality Database September 2017
Date: Tuesday, February 13, 2018 10:59:34 AM

Dana,

DEQ has requested that we submit the results for groundwater monitoring within 120 days of completion of a groundwater monitoring event in the form of a database output flat file. The groundwater chemistry database, updated with the sampling results from the September/October 2017 Source Control and Routine sampling event has been uploaded to our FTP site. Groundwater sampling for this event started in September 2017 and was completed in October 2017.

The file containing the database file is labeled "GascoSiltronic_AQ_HahnGroundwater20180124.xlsx"

Instructions for accessing the FTP site are below:

To access the FTP site automatically using Windows Explorer please follow the steps below.

- From Windows XP desktop select Start -> Run or for Windows 7 select Start -> and click in the search box
- Copy/Paste the following line into the "Open" box for XP or the "Search" box for Windows 7 and hit "enter"

(b) (6)

- You should now be logged into the site using Windows Explorer. You can use copy/paste to move files to or from the site

To access the FTP site manually using a FTP browser like [CoreFTP](#) or Windows Explorer please use the info below.

- Site URL: (b) (6)
- Username: (b) (6)
- Password: (b) (6)

To access the FTP site via web browser please follow the steps below.

- Click on the following link: [h\(b\) \(6\)](#)
- Input the username and password that are listed in the above section
- Use the tools available directly to the site to download or upload

Please contact John Renda if you have any questions.
